ANNOUNCEMENT

“The Gauteng Uro-Oncology Forum is a leading platform for medical professionals dedicated to advancing the fields of urology and oncology. Focused on fostering collaboration, research, and innovation, the Forum brings together experts to share knowledge and improve patient care in urological cancers.

In 2025, the Forum will host its highly anticipated inaugural congress, a key event for specialists in urology, oncology, and related surgical disciplines. The congress will delve into cutting-edge topics, including advancements in urological surgery, the latest oncology treatments within the field, and the importance of interdisciplinary collaboration for enhanced patient outcomes.”

- Dr Cornish & Dr Moodley
